

Mohawk Specialty Digital

Product Compatibility for MGI Equipment (Updated 2/26/2013)

This document from Mohawk MakeReady provides recommendations and guidelines regarding Mohawk Specialty Digital product compatibility with MGI color digital printing equipment. Because machine specifications for material thickness, surface texture and sheet size vary widely between equipment brands, Mohawk encourages testing our Specialty Substrates on your particular press before committing to a large program. Samples are readily available at www.mohawkconnects.com.

MGI Color Equipment Included:

[MGI Meteor DP60 Pro](#)

[MGI Meteor DP8700 S](#)

[MGI Meteor DP8700 XL](#)

Mohawk Products Included:

Mohawk Synthetics

Mohawk Pressure Sensitive

Mohawk Magnets

Mohawk Embedded

Mohawk Panoramic

Mohawk Dimensional

Equipment At-a-Glance

Digital presses come in many shapes and sizes. This is a quick summary of the MGI brands of equipment and their respective capabilities in relation to paper substrates. Please note that all models in a press family may have slightly different specifications. This chart is a guide only of spec ranges. For full details on equipment capabilities, refer to www.mgiusa.com.

Press Family	Photo	Rated Speed	Acceptable Weights	Acceptable Sizes
MGI Meteor DP60 Pro		65ppm	20 lbs – 130 lbs (70gsm – 350gsm)	3.94" x 5.9" - 13" x 26" (Optional up to 13" x 40")
MGI Meteor DP8700 S		71ppm	20 lbs – 110 lbs (70 gsm to 300 gsm)	3.94" x 7.17" - 13" x 19"
MGI Meteor DP8700 XL		71ppm	20 lbs – 130 lbs (70gsm – 350gsm)	3.94" x 5.83" - 13" x 26" (Optional up to 13" x 40")

Because machine specifications for material thickness, surface texture and sheet size vary widely between equipment brands, Mohawk encourages testing our Specialty Substrates on your particular press before committing to a large program. Samples are readily available at www.mohawkconnects.com | Page 2

Compatibility At-a-Glance

Curious which specialty categories have products compatible with your engine? This is a quick summary of compatibility by product category and engine family. For full details on compatible products, refer to the proceeding pages.

Engine Family	Synthetic	Pressure Sensitive	Magnet	Embedded	Panoramic	Dimensional
MGI Meteor DP60 Pro	•	•		•	•	•
MGI Meteor DP8700 S	•	•		•	•	•
MGI Meteor DP8700 XL	•	•		•	•	•

- Indicates one or more products in that category are recommended for this equipment.

Because machine specifications for material thickness, surface texture and sheet size vary widely between equipment brands, Mohawk encourages testing our Specialty Substrates on your particular press before committing to a large program. Because machine specifications for material thickness, surface texture and sheet size vary widely between equipment brands, Mohawk encourages testing our Specialty Substrates on your particular press before committing to a large program. Samples are readily available at www.mohawkconnects.com | Page 24
